SKILLS

Backend

C# · ASP.NET · .NET Core · REST APIs · Java

Frontend

Angular · HTML · CSS

Database

Oracle SQL

Hosting

IIS · Server deployment

Tools

Visual Studio · VS Code · Oracle SQL Developer · Swagger · Postman · GitHub Copilot · Git · JIRA

Methodology

Agile / Scrum

LANGUAGES

English · Hindi

STRENGTHS

- End-to-end ownership
- Stakeholder collaboration
- Quick learner
- Multitasking

DOMAIN

- Automotive
- ECU development
- V-model / V-cycle
- Build release & delivery

Ekant

Software Engineer | .NET Developer

C# · .NET · Angular · HTML · CSS · Java

PROFILE

Software Engineer with **4+ years** of experience at Bosch Global Software Technologies, developing and supporting applications for vehicle ECU development. Started on a Java-based planning tool and now works with C#, ASP.NET / .NET Core and Angular, along with HTML and CSS for user interfaces. Experienced across the development lifecycle, from understanding requirements to development, testing and release.

WORK EXPERIENCE

Software Engineer

08/2022 – Present

Bosch Global Software Technologies · Bengaluru, Karnataka, India

ProdM — PDT Tools · .NET, Angular — 02/2024 – Present

Suite of 10 tools (worked on all 10) at the end of the ECU V-cycle that tracks ECU generation, archives builds and delivers software builds (PVERs) to Bosch plants and OEMs like VW, BMW and Daimler.

- **Frontend:** Developed the user interface using Angular, HTML and CSS, and migrated 3 applications from Angular 7 and 11 to Angular 21.
- **Backend:** Built REST APIs in C# and ASP.NET, migrated backend code from WCF to .NET Core 8 and upgraded older .NET Framework versions.
- **Database & automation:** Used Oracle SQL Developer to maintain data and wrote .NET utilities to automate repetitive tasks.
- **Hosting & release:** Hosted and deployed web applications and APIs on IIS servers, and supported release activities in Agile sprints.

IPE — Integrated Planning Environment · Java — 08/2022 – 01/2024

Planning application used to plan and manage vehicle ECU development.

- Worked on feature development and enhancements of the application using Java.
- Fixed defects and supported testing and releases with the team.

ACHIEVEMENTS

Automated log monitoring
Recognized for automating manual log checks with alerts on errors or app stoppage.

webFLOW modernization
Recognized for moving the backend from WCF to Web API and a full UI revamp.

SendToPlant migration
Recognized for migrating SendToPlant to new technologies.

Application owner
Owner of Archiver and SendToPlant; built Windows apps for internal projects.

EDUCATION

B.E. – Computer Science & Engineering

08/2018 – 07/2022

AMC Engineering College (Visvesvaraya Technological University), Bengaluru · CGPA 8.41
